

SOLUTION BRIEF · WORKFORCE L&amp;D

# Future Proof for *workforce L&D*.

*Prove training works to your CFO. One AI engine measures what your people retain – concept by concept – and intervenes before knowledge decays.*

**2.4×**

RETENTION VS SINGLE-SESSION

**15%**

FRAGILE KNOWLEDGE CAUGHT

**~200ms**

RESPONSE TIME

## What you get

- AI Skill Diagnostic places every learner; difficulty adapts in real time
- AI Memory Coach schedules review at the moment of forgetting
- Retention & decay-forecast dashboards (48 reports) — not completion rates
- AI Risk Forecaster flags at-risk learners weekly with the next step
- SSO, API, SCORM/xAPI import — runs alongside your current LMS

**From \$1.20 / learner / month** · 90-day pilot, no rip-and-replace. Book a walkthrough at [future-proof.app/contact](https://future-proof.app/contact)
